## FINE DISPLAY OF OLD-TIME NEEDLEWORK

The regular meeting of the North Middletown Mothers' Club, held at the home of Mrs. Mangus E. Rash, was an unusually interesting one. A delicious luncheon was served to about one hundred guests, after which the program was given. Mrs. Anna Ernberg, director of Fireside Industries of the Berea College, gave a talk on "Colonial Art."

Many beautiful pieces of needlework of the olden times in Kentucky, as well as many of more modern design, were displayed by Mrs. Ernberg. There were several counterpanes, quilts and coverlets over one hundred years old. Mrs. Ernberg brought from the College a display of work done by Berea students. The specimens were exact duplicates of materials and patterns used by Kentucky's pioneers.

North Middletown has the distinction of being unique in the annals of history. I am sure. Do you know of another township that has "one faith, one church and one baptism?" Everybody of the same mind, everybody of like faith, and the whole community akin? The Mother's Club is one of its institutions, and the Paris women who were lucky enough to be invited by its president, Mrs. Magnus Rash, to be present at the meeting held on Thursday, April 28th, were fortunate beyond measure.

Mrs. Rash laid aside all parliamentary form, and gave her friends the pleasure of meeting the speaker and honor guest, Mrs. Ernberg, from Berea College, in a most informal and delightful way.

Her spacious home was thrown open to the sun and breezes, and as car after car left its quota of passengers, it was not long until the whole house was filled with the sound of happy voices.

At one o'clock the doors of the dining room were thrown open and the guests were invited to such a luncheon as could be found only in Bourbon county. Old ham, chicken salad, potato chips, timbals filled with peas and champignons, cheese balls, hot rolls, beaten biscuit, coffee and tea, nuts, candies, olives, pickles, everything that heart could wish.

When this wonderful luncheon was over Mrs. Rash asked her guests to gather in the big hall that runs through the house, and in a few well chosen words introduced the speaker of the day. Mrs. Ernberg then told of her coming to Berea and of her great love for and deep interest in the school, where she has lived for nine years. After talking for an hour and answering many questions, the guests were invited to go to the upper floor to see the exquisite display on exhibition of the work done at Berea. Counterpanes, scarfs, rugs, quilts, baskets, brooms, pillow covers, baby quilts and rugs, and all for sale at reasonable prices.

Few indeed came down with empty hands. It will be an occasion long to be remembered by those fortunate enough to have been the recipients of Mrs. Rash's hospitality. Mrs. Rash makes an ideal hostess—cordial, hospitable, and genuinely pleased to have you in her home. The rush and hurry of modern life leaves but little time for the cultivation of these old-fashioned graces. The ladies from Paris who were present were: Mrs. Warren Rogers, Mrs. Lunceford Talbott, Mrs. Richard Willis, Miss Lillie Williams, Miss Clara Bacon, Mrs. Mollie Rice, Mrs. Fanniebell Sutherland, Mrs. Thompson Tarr, Miss Lizzie Grimes, Mrs. Wade Whitely, Mrs. Virgil Galtskill, Mrs. Owen Davis, Mrs. Watson Judy and Miss Frances Boone. About one hundred ladies enjoyed this delightful function.

## NOTES FROM "FANDOM"

The Winchester Hustlers took the Paris Ruggles team into camp by a score of 13 to 6, in the game at the West Second street park, Saturday afternoon. The weather was anything but favorable for outdoor sport, but players and spectators were game, and "stayed it out." The features of the game were a three-base hit by Burnett, of Paris, and a home run by Berg, of the Hustlers. The local staged a rally in the seventh inning when ten runs behind by scoring two runs, but were blanked in the remaining innings. Lancaster, who was in the box for Paris, was hit hard, and was relieved by McCord, who held the Hustlers. The Vallandingham, "father and son, did fine work for the Hustlers. The same teams played at Garner Park, in Winchester, Sunday afternoon, the game being one of the old-time ones, with the score in the final inning 2 to 1 in favor of Winchester. Both sides drew blanks on the score board, until the fifth inning, when Brewsbaugh scored on a long hit by McFarland. Winchester played a scoreless game until the seventh, when two runs were chalked up. The features of the game were Nickles' pitching for Paris and Ballard's hitting for Winchester. Paris played a fine defensive game, and was remarked by the liberal applause of fans.

The game at Centerville, Sunday afternoon between Centerville and Newtown resulted in a victory for Centerville by the score of 4 to 2. The attendance was large, despite the cool weather and counter attractions. The batteries were: For Centerville, Carter and Carter; for Newtown, Dixon and Gray. The feature of the game was the pitching of Carter. Next Sunday the Centerville and Sadielle teams will play on the Centerville grounds.

## IMPORTANT POSTAL RULING

Postmaster J. Walter Payne asks THE NEWS to give publicity to a recent ruling of the Postoffice Department, which will be of much interest to the public. The order, conveyed in an official bulletin to all postoffices, is in relation to the general delivery service, and is, in substance, about as follows: "It seems that postmasters are not making a proper effort to restrict the general delivery privilege at city delivery offices to transients, and to patrons who, for good and sufficient reasons acceptable to the postmaster cannot receive their mail by carrier or through a postoffice box. Therefore, in all cases where the attendant facts are unknown, the postmaster will require persons calling at the general delivery window to establish their identity, supply their local addresses, and state their reasons for not taking advantage of the carrier-delivery service. . . . When there is any question as to the propriety of extending the general delivery privilege the clerk in charge must confer with his superior officer, and if then advisable, request the patrons to take up the matter with the postmaster or the Superintendent of Mails."

## FORMER PARISIAN TAKES POSITION WITH SIMMS

City Engineer Horine, formerly of Paris, who has been at the head of the street and public works departments in Winchester for several years, has resigned his position. Mr. Simms is constructing an up-to-date racing establishment at Saratoga, which he will use as a training establishment for part of his large stable. Mr. Horine had intended to ask the Winchester City Council for a leave of absence of two months in order that he might assist Mr. Simms in completing the work at Saratoga, but decided to accept the position as the remuneration would be more than retaining his position with the city.

## NOTICE TO WATER CONSUMERS

The Committee of the Paris Commercial Club to whom was entrusted the matter of Water Rates has agreed upon the following plan:

We have selected the Peoples' Deposit Bank and Trust Co. to act as trustee of the fund hereby provided for.

We advise each consumer to pay at once to said trustee the amount of money demanded by the Paris Water Co. for the current quarter and the trustee will make a tender to the Water Company of the amount of the old rate for each person who enters this arrangement.

If the water company refuses to accept the money so tendered, the committee will arrange to have an injunction suit brought in the name of each person to prevent the water company from cutting off the water.

The cases will be brought through the courts and the Commercial Club will provide the necessary expense of the litigation.

If the water company accepts the tender so made, the balance will be refunded to each individual.

Each consumer will file with the trustee the notice from the water company and the last water bill. PARIS COMMERCIAL CLUB, By William E. Hacker, Secretary. (30apr-1t)

## SENATE ADOPTS THE KNOX PEACE RESOLUTION

The administration's first step toward placing the United States on a technical legal basis of peace was taken Saturday night by the Senate in adopting the Knox peace resolution.

The vote for adoption was 49 to 23.

Three Democrats voted for the resolution and although no Republicans voted against it, Senator Knute Nelson, of Minnesota, was paired against it.

The Democrats voting for it were Senator Henry L. Myers, of Montana; John K. Shields, of Tennessee, and Thomas E. Watson, of Georgia. Two other Democrats, James A. Reed, of Missouri, and D. I. Walsh, of Massachusetts, were announced as favoring the resolution.

The resolution now goes to the House, with prospects of prompt action there. No change was made in the resolution as reported by the Foreign Relations Committee. It would repeal the war resolutions affecting Germany and Austria-Hungary, impound alien enemy property and reserve to the United States all rights and privileges under the treaty of Versailles and other peace treaties.

Senator A. O. Stanley, Democrat, of Kentucky, voted against adoption. Senator Richard P. Ernst, Republican, of Kentucky, was absent.

**Some FACTS About**

**Ford**  
THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembling plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

## LEONARDO II DISTANCED IN “DERBY TRIAL”

Before what was probably the largest crowd ever seen at the Lexington race track, E. R. Bradley's two entrants, Black Servant and Behave Yourself, finished first and second respectively in the feature event of Saturday afternoon—the Blue Grass Stake, which is looked upon as the “Derby Trial.”

The great Leonardo II was made an overwhelming favorite, both on account of his great career as a two-year-old and also because of his meritorious performance Monday week ago, when he knocked the track record sky high, and that he would be defeated was not given a thought, at least not by the form players.

At the rise of the barrier Black Servant “took the top,” followed closely by Leonardo II, was soon out-paced and dropped completely out of it, but the Simms colt held on until well into the stretch before he succumbed and was passed by both Behave Yourself and Uncle Velo.

## POPPY MEMORIAL DAY FLOWER

The American Legion has adopted the poppy as the Memorial Day flower and on that day thousands of tiny red silk flowers will be distributed throughout America by the Legion and other patriotic organizations.

The poppies—exact replicas of those which blow on Flanders fields—were made by war orphans of the American and French Children's League. They were brought to America by Mme. Anna E. Guerin, who founded the league for the purpose of perpetuating the friendship between the nations which had its inception on the battlefield. The poppy is the league's national emblem and the children are the self-constituted guardians of graves of the American soldier dead in France.

Breiel, of Newport, Ky., State Secretary of Rebekahs, who is the guest of Mrs. S. L. Myers. She spoke of the splendid growth of the order throughout the State and commended the local organization for its work.

## FORMER PRESIDENT GIVEN THE RIGHT TO PRACTICE LAW

Former President Woodrow Wilson was given the right to practice law in the State of New York by a measure enacted in the closing hours of the legislature.

The act was passed under an emergency message from Governor Miller, who wrote that this distinguished citizen has a just title to a privilege, the conferring of which, I believe, would be an eminently graceful act and one universally approved.

“I believe,” said Senator Wiswall, “in the theory that all men are created equal, and I feel that to pass a bill of this kind admitting any person to practice of law without an examination is unfair to the struggling young men who are fitting themselves for the legal profession.”

## DIFFERENCE IN TIME

Folks who put in long distance calls from Paris for points in Ohio, especially the larger cities, where the day-light savings law prevails, should remember there is an hour's difference in the time. For instance when it is noon here it is 1 p. m. in Cincinnati; where business houses and factories observe the half hour on Saturdays, consequently telephone calls cannot be put through after 12 o'clock, or 11 a. m. by our time.

## CITY COUNCIL PROCEEDINGS

The City Council met in regular session in the Council Chamber at the City Hall last Thursday night, with a full board present, and Mayor January presiding.

The ordinance providing for construction of concrete pavements on the lateral streets between Second and Thirteenth, and High street from the courthouse to the north margin of Fourteenth street, was passed to its final reading and adopted. An ordinance providing for sanitary sewers for the Main street extension was also passed.

The report of the mass meeting held at the court house Tuesday night, including resolutions recommending the building of a municipally-owned water plant, were received and placed on file for future action. The Council instructed Mayor January to employ a competent engineer to appraise the Paris Water Company's plant and recommend a reasonable rate for city rentals.

Provisions were made through city ordinances, which are published in this issue of THE NEWS, for the city to accept the property recently donated by Mr. and Mrs. John M. Brennan for a public playground and also for annexing a piece of property at the eastern edge of Paris, and at the north end of Link avenue, owned by James McClure.

Thomas Elder, who has been serving as substitute fireman, was elected as a permanent member of the department, to succeed Baldwin Woods, resigned.

The 130-acre farm of Frank Collins, located on the North Middletown pike, known as the George Wyatt place, was sold at public sale Saturday by Harris, Speakes & Harris, Auctioneer George D. ### SUNDAY SCHOOL ATTENDANCE

With a bright, though cool Sunday, the attendance at the Sunday Schools of the city and county on last Sunday, "Go-to-Sunday-School Day," brought out a large crowd. The Christian church Sunday School reported 592, Presbyterian 254, Baptist 486, Methodist 336, and Episcopal 25.

No report was sent in from the Sunday Schools in the county, but the attendance was reported as being fully up to that of the previous year.

### MAY COURT DAY

Yesterday was a rather dull court day, the weather being forbidding, and the attendance small. Farmers were mostly busy with their work, and many of them were attending the Lexington races. Between the two the attendance here was cut down about half. Judging from surface indications there was very little transacted in the livestock markets. A few horses and mules constituted the bulk of the offerings. Rain in the afternoon soon scattered the crowd to shelter. Merchants reported collections slow and business the same. Candidates for political offices were busy with the crowd, pushing their claims.

## TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended  
by Lydia E. Pinkham's  
Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often despondent, had dizzy spells and at my monthly periods it was almost impossible to keep around at my work. Since my last baby came two years ago my back has been worse and no position I could get in would relieve it, and doctor's medicine did not help me. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have found great relief since using it. My back is much better and I can sleep well. I keep house and have the care of five children so my work is very trying and I am very thankful I have found the Compound such a help. I recommend it to my friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E. Pinkham's Vegetable Compound."—Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should make the mistake of trying to overcome it by heroic endurance, but profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound.

## WORDS FROM HOME

Statements That May Be Investigated—Testimony of Paris Citizens

When a Paris citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Paris resident. No stronger proof of merit can be had.

Joe Kiely, proprietor shoe repair shop, 11 Seventh street, says: "Doan's Kidney Pills did me a world of good and I take pleasure in recommending them to anyone suffering from kidney complaint and my back ached most of the time. My kidneys were weak and the secretions were highly colored and contained sediment. I lost my sleep at night as there was no let up to the pain in my back. I got four boxes of Doan's Kidney Pills at Ardery's Drug Store and used them according to directions. They rid me of the trouble entirely."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kiely had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Five Years' Trouble Had Weakened Him So He Could Work But Very Little—Trouble Ended

"If there was ever a time in my life when I felt better than I do now I don't remember it," said Michael McCrone, of 541 South Clay street, Louisville, Ky.

"I have not only gotten rid of stomach trouble and catarrh of the head that made life miserable for five years, but I actually weigh 23 pounds more than I did the day I began taking Tanlac. I could not eat anything except very light food but what gas would form and keep me feeling sick at the stomach for hours. I had the worst sort of pains in my left side, and at night especially the catarrh in my head caused me so much trouble I could get but little rest. I could scarcely breathe lying down and it was often almost day before I got any sleep at all. I lost thirty pounds in weight and had very little strength and had to stay home from work for days at a time.

"While looking over the paper one evening I ran across a testimonial for Tanlac that described my case so well I made up my mind to give it a trial. After I had finished my third bottle I was feeling like a brand new man. My catarrh was gone, my head felt clear, my stomach stopped troubling me and I could lie down at night and sleep like a child. I can now eat anything I want and never feel a touch of indigestion. I have never felt better in my life than I do now." (adv)

**PAPER MILL WORKERS TO REJECT WAGE CUT**

Union workers in the paper and pulp mills of the United States and Canada have voted to reject a 30 per cent. wage reduction proposed by the manufacturers for May 1, it was announced by the Labor Bureau, Inc.

Local unions have been instructed that "should satisfactory terms of settlement not be forthcoming from the manufacturers between now and the time of the expiration of the agreements work will automatically cease in the mills of six companies upon May 1 and thirteen companies upon May 11."

Should the walkout occur, labor leaders assert, approximately 25,000 workers will be affected and 50 mills of 19 companies tied up. These mills, they claim, produce about two-thirds of the paper stock consumed in this country, having a daily output of 3,600 tons of newsprint and 1,500 tons of finer paper for job printing.

The burial will follow on the family lot in the Paris Cemetery. The pall-bearers will be Thomas Williams, Cleary Flightmaster, James Flightmaster, Al. Wagoner, Dr. Frank M. Faries, H. T. Ingram.

## WHEN WILL IT END?

It seems that some automobilists thoroughly believe that the streets of Paris are authorized speedways, kept in good repair for their especial benefit. They travel so fast that one is prone to believe they will be arrested and fined if they do not average fifty miles an hour.

Pleasant street, with its smooth concrete surface is the favorite playground of these speed demons. And there seems to be no way of effectually stopping them from indulging in their favorite pastime. A little caution should be exercised in the interest of humanity. Broken limbs or necks cannot be remedied, but the speed burning can be.

## BIG ADVERTISING DEALS IN PAST YEAR.
